

English Class

With Teacher Samira

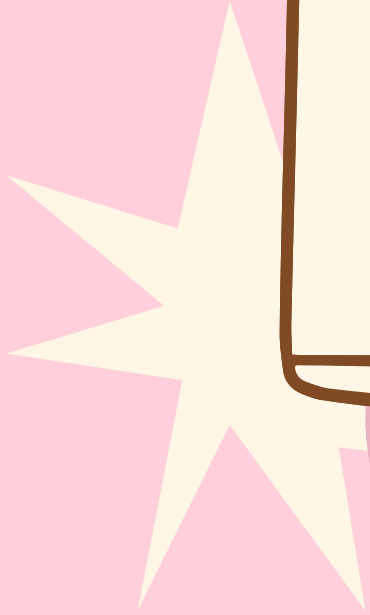

Illustration of a teacher pointing to a digital screen displaying "Welcome Students!". The teacher is a woman with dark hair, wearing a grey blazer over a pink shirt, holding a pink folder. The screen is a large rectangle with a brown border and a window-like header with three icons (minimize, maximize, close). The text "Welcome Students!" is centered on the screen in a brown, serif font. The background is light beige with abstract shapes: a pink flower-like shape at the top left, a pink curved shape on the left, and a large pink shape on the right. A brown wavy line is at the bottom right.

Welcome
Students!

Materials Needed for Class

List the things your students need to get ready before class. It can be a particular textbook, the accomplished homework due for the day, or any specific materials for the topic you're about to discuss. You can also match it with corresponding photos or icons.

Class Objectives and Rules

RULE 01

Objectives inform students the learning outcomes of the class. What will they know? What will they be able to do? Why is this important to know? It's an effective way to assess their learning progress.

RULE 02

Rules provide the structure necessary for an engaging and productive class. Keep it simple and easy to follow. It can be general to cover different situations or very specific to your students.

Lesson For The Day

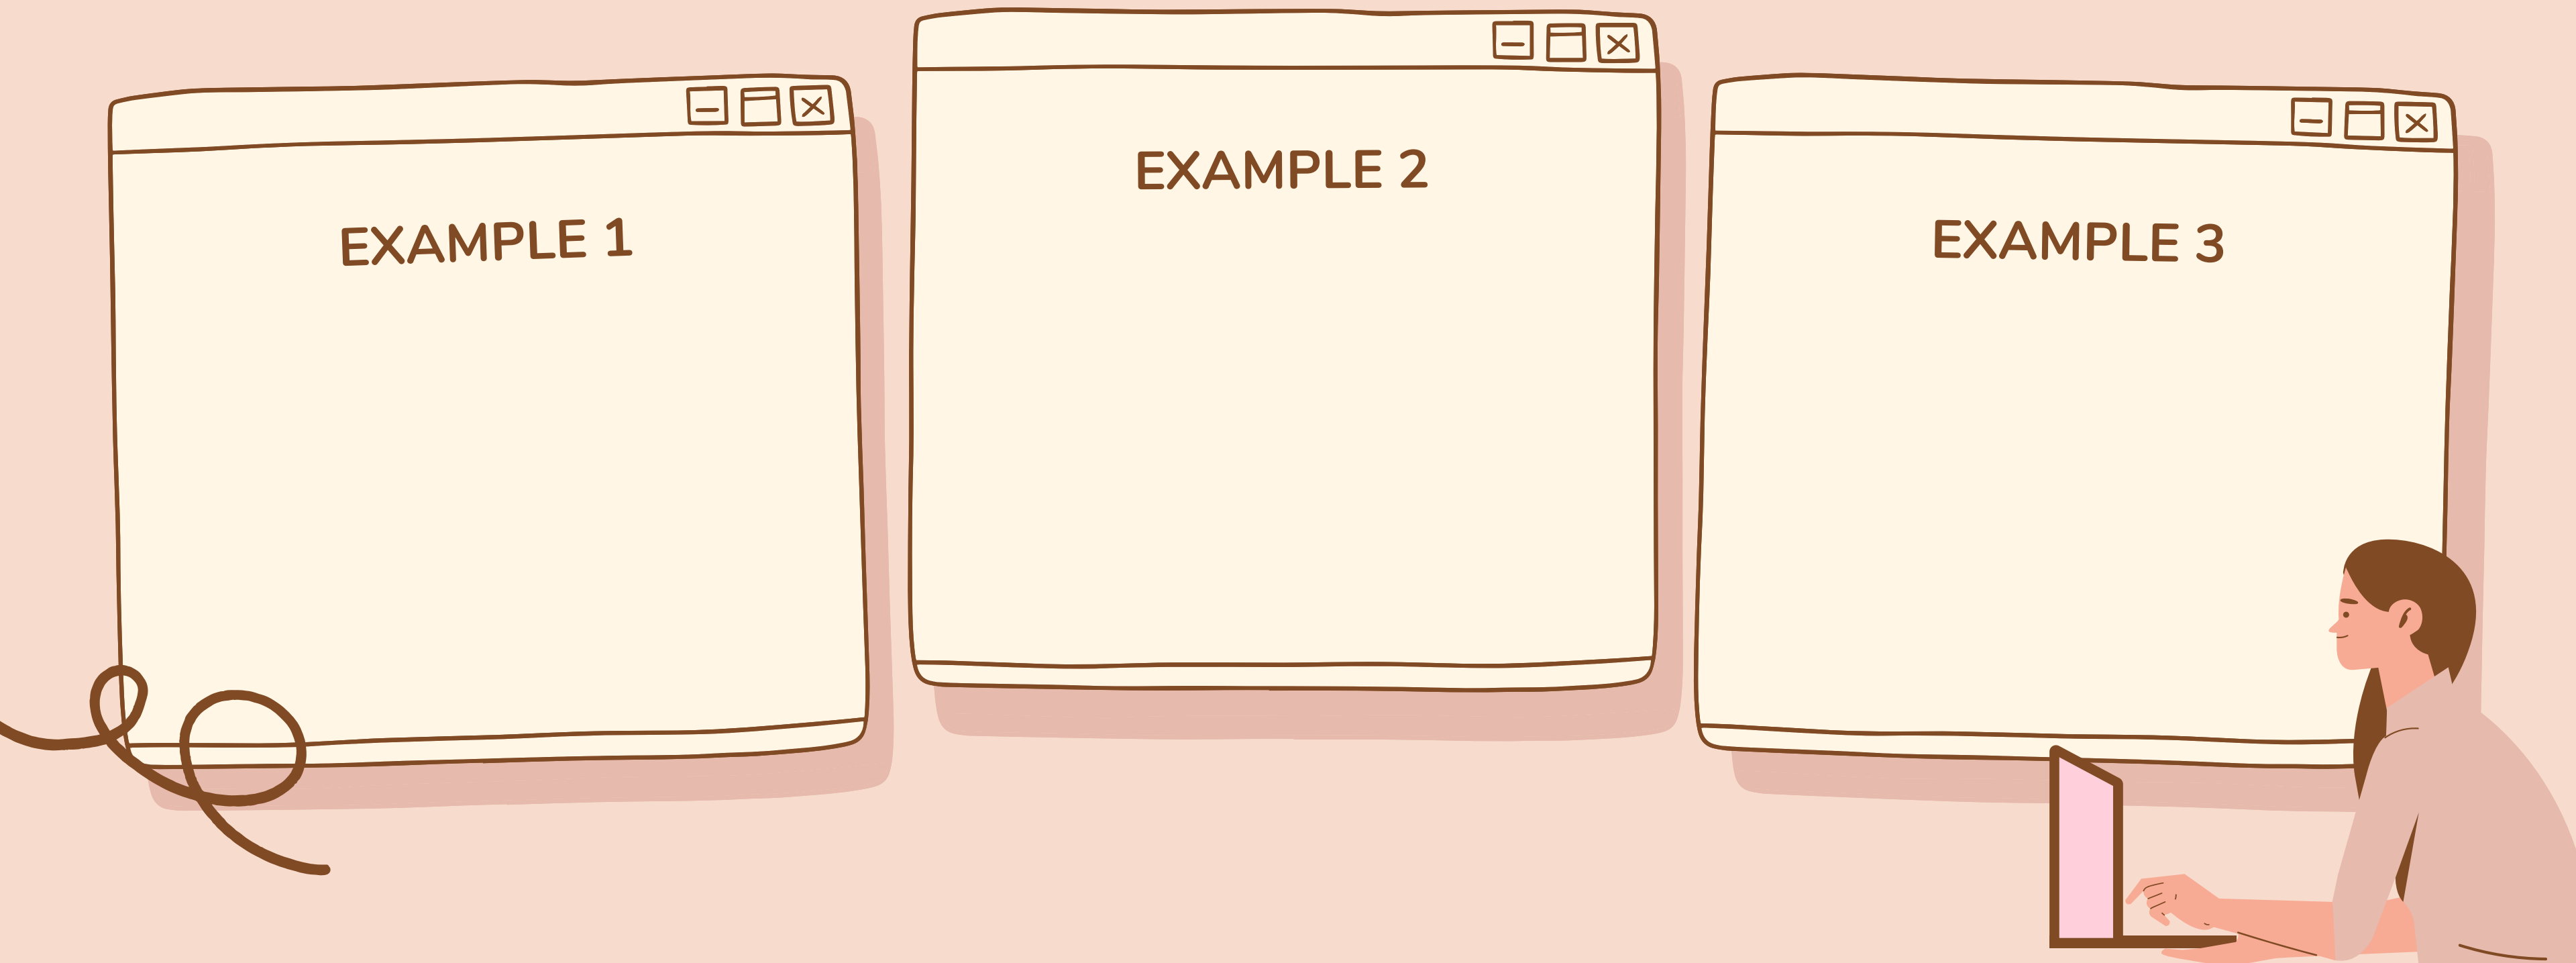

Discussing a lesson as a class certainly boosts students' interest and engagement. Aside from helping them stay focused, it allows them to think deeply, create connections, and get different perspectives on the subject matter.

Concepts & Definitions

Get the ball rolling by introducing the lesson's key concepts and its corresponding definitions. Duplicate this page as many times as needed to give you more space for discussion. Pair the concepts and definitions with relevant images too for a more visualized presentation of the lesson.

Examples and Illustrations

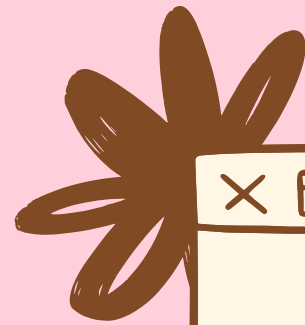

Exercise

Individual exercises extend a student's grasp of the lesson. It allows them to synthesize on their own and think of ways they can apply their new learnings in real life. Duplicate this page as many times as needed to give you more space for discussion.

Add instructions or guidelines here. You can also put in the amount of time allotted for this.
